CONSENT FORM: CORRECTION OF CLUB FOOT

The purpose of the club foot correction surgery is to improve the positioning and form of the foot, in order to enable normal functioning. The operation is one of the stages of correction, and continued treatment, using external fixation and additional procedures, is required to improve and maintain the functional positioning.

The operation is performed under general anesthesia.

Name of Patient: _____

I hereby declare and confirm that I have been given a detailed oral explanation by:

Dr. _____
Last Name First Name

regarding the operation for correction of a **right / life * club foot** (henceforth: "the primary operation").

I have been told that in certain cases the desired outcome is not achieved, or only partial repair is achieved, or the deformity recurs, and additional treatments will be necessary, including repeated surgery.

I have been told that in any case the operated foot will not be identical to a normal foot. In addition, I have been told that the rehabilitation and healing process involves limitation of motion and/or use of aiding devices.

I hereby declare and confirm that I have been given an explanation concerning the alternative surgical options, and the advantages and disadvantages of each of these.

I have been given an explanation concerning the expected side effects following the primary operation, including: pain, discomfort and limitation of motion

I hereby declare and confirm that I have been given an explanation concerning the possible risks and complications, including: infection that may even require surgical intervention; dehiscence of the wound margins; injury to blood vessels, to nerves or to the foot bones, which may cause damage requiring surgical correction, and in rare cases, amputation of the foot.

I hereby give my consent to perform the primary operation.

I hereby declare and confirm that I have been given an explanation and understand the possibility that during the primary operation the need to extend or modify the operation or to perform additional or different procedures, may arise, in order to save my life or prevent physical harm, including additional surgical procedures that cannot be fully or definitely predicted at this time but whose significance has been made clear to me. I, therefore, also give my consent to such an extension, modification or performance of different or additional procedures, including additional surgical procedures, which the institution's physicians deem essential or necessary during the primary operation.

I have been told that the primary operation is performed under general anesthesia, and that I will be given an explanation regarding the anesthesia by an anesthesiologist.
